Note: This Examiner's amendment is a duplicate of that sent 4-27-2005 except that the renumbering of the claims has been corrected as follows: Claims 1-14 are allowed and have been respectively renumbered upon allowance as claims 1, 4-14, 2 and 3.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

- The status identifiers for claims 2-12 have been changed to "previously presented".
- Specification, page 1, line 9, after "2001," —now U.S. Pat. No. 6,692,636,—has been added; and in line 10, after "2001," — now U.S. Pat. No. 6,592,754,—has been added.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

- Applicant's TD (which has been approved) and amendments have obviated the double patenting and new matter rejections set forth in final office action.
- The following is a statement of reasons for the indication of allowable subject matter: The closest cited art—Trawoger— fails to anticipate or render obvious, alone or in any proper combination, the structural limitations of claim 1 requiring claimed limitations of part (d).

Art Unit: 1723

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee.
